

Australian Pea Flower Study Group

Pea Forage 2023

The Pea Flower Study Group is holding its inaugural Pea Forage over the weekend of 19th and 20th August on the NSW Central Coast.

Registration is open to members of the study group. Not a member? Email fabpeamail@gmail.com to join. To register for the weekend, please email names of everyone in your party, including a contact mobile number.

Participants are required to make their own accommodation and travel arrangements.

West Gosford has been chosen as the base for the weekend as there are several motels in the area and West Gosford shopping village is nearby. If you prefer to stay in a caravan park, NRMA Ocean Beach Holiday Resort at Umina Beach is close to the starting point for Saturday. A meeting point will be provided for the start of each day as participants will be approaching from different places.

A group reservation will be made for dinner on Saturday night.

Below is a rough itinerary of places likely to be visited, to give you a feel for the weekend and help you plan your accommodation. The itinerary is still being finalised.

Saturday 19th August

Brisbane Water National Park (BWNP)

- Warrah Trig to Warrah Lookout (Doyle's Track)
- Van Dahl's Fire Trail
- Girrakool Loop Track, Somersby (Park Fees Apply)
- Time permitting, Konda Rd North Fire Trail

Sunday 20th August

- Wyrabalong Coastal Walk starting from Crackneck Point Lookout
- Kincumba Mountain Reserve
- Bouddi NP via McMasters Beach
- The Wildflower Meadow, Erina Heights (last stop Sunday)
